

VOLUME #11 - DVD #3

RUN TIME: 1 HOUR 57 MINUTES

JUNE 1995

- We continue to drive along old US Highway Route 30 on our way to North Platte Nebraska. We catch 2 more trains before arriving.
- Now we are in North Platte and visit the massive shop area with close up views of the hundred + locomotives present. We see NS, ATSF, BN, CNW and CR power as well. Don't miss the rotary plow hiding and the MKT tank car. A North Little Rock styled paint scheme is there also.
- We go over to the small visitor's area (now gone but replaced by Golden Spike Tower). The east bound hump action can be scene as cars roll into the bowl yard.
- Then we head into the center of town to catch 10 freights.
- Waking up the next morning, we visit the shops again with some more close-up views.
- We finally head west to Hershey on a foggy morning where we catch 6 trains at this 3 (now 4) track mainline.
- We travel west on Route 30 and are surprised when DDA40X Centennial 6936 makes an appearance in freight service!
- We travel through Sidney Nebraska where we see some MOW equipment including a crane and finally arrive in Cheyenne.
- We see an interesting lash up of power (UP,CNW,CR,GECX).
- A nice treat comes our way as a SD40-2 powers a WB company passenger train.
- We see a WB train with CSX power in great light to wrap up Tape#3 of Volume #11.
